Ready Partner

WELCOME MESSAGE

Welcome to Odoo Challengers team, we hope your presence will make it stronger. Let's hope you being here will help in the growth and expansion of the company. we welcome you with open arms. We wish our ways never part, and our partnership grows into the future!

The top half of the image has a teal background. It features faint, semi-transparent images of office supplies like a spiral notebook, pens, and a smartphone. Several logos are also visible in the background, including 'Quard', 'conEdison', and 'University Science Park'. In the center, there is a white-outlined triangle containing a white circle with a pencil icon inside a square, and a horizontal line below it.

Success Stories

NODUST Project

There is a Challenge when working with NODUST that needs an integration with their operational legacy systems running on Both Oracle & Postgres databases that transfers NODUST into working on single Cloud Odoo ERP Platform that is very efficient to fulfil the gross in their business needs.

EIT Project

with Automation of EIT Factory that is Specialized in Catering equipment .we had many challenges with implementing Odoo version 14 in a Covid-19 time while many of our Team & Customer team Infected that resulted in expanding the Project Period.

finally , we managed to Deliver all Modules within the agreed Scope.

Ejad Project

We had another Challenge to automate Ejad Payroll Work with Agile Methodology that is depending on the splitting the Project into several Sprints, we could deliver Ejad an efficient payslip Calculation based on a very special & Sophisticated Salary schema.
